COMPLAINT

COMES NOW, MARYANNE MCCAULEY, by and through the undersigned counsel, and files this, her Complaint against Defendant, DREAM MAKER INC., pursuant to the Americans with Disabilities Act, 42 U.S.C. § 12181 *et seq.* (“ADA”) and the ADA’s Accessibility Guidelines, 28 C.F.R. Part 36 (“ADAAG”). In support thereof, Plaintiff respectfully shows this Court as follows:

JURISDICTION

1. This Court has original jurisdiction over the action pursuant to 28 U.S.C. §§ 1331 and 1343 for Plaintiff’s claims pursuant to 42 U.S.C. § 12181 *et seq.*, based upon Defendant’s DREAM MAKER INC., failure to remove physical barriers to access and violations of Title III of the ADA.

PARTIES

2. Plaintiff MARYANNE MCCAULEY (hereinafter “Plaintiff”) is and has been at all times relevant to the instant matter, a natural person residing in St. Peters, Missouri, (St. Charles County).

3. Plaintiff is disabled as defined by the ADA.

4. Plaintiff is required to traverse in a wheelchair and is substantially limited in performing one or more major life activities, including but not limited to: walking, standing, grabbing, grasping and/or pinching.

5. Plaintiff uses a wheelchair for mobility purposes.

6. Plaintiff is also an independent advocate of the rights of similarly situated disabled persons and is a “tester” for the purpose of enforcing Plaintiff’s civil rights, monitoring, determining and ensuring whether places of public accommodation are in compliance with the ADA. Her motivation to return to a location, in part, stems from a desire to utilize ADA litigation to make Plaintiff’s community more accessible for Plaintiff and others; and pledges to do whatever is necessary to create the requisite standing to confer jurisdiction upon this Court so an injunction can be issued correcting the numerous ADA violations on this property, including returning to the Property as soon as it is accessible (“Advocacy Purposes”).

7. Defendant, DREAM MAKER INC. (hereinafter “DREAM MAKER INC.”) is a not-for-profit company that transacts business in the State of Missouri and within this judicial district.

8. Defendant, DREAM MAKER INC., may be properly served with process via its registered agent for service, to wit: c/o Rudge Gilman, Registered Agent, 1045 Stonecastle Drive, St. Paul, MO 63366.

FACTUAL ALLEGATIONS

9. On or about February 15, 2022, Plaintiff was a customer at “Lulu’s,” a business located at 3925 Mid Rivers Mall Drive, St. Peters, MO 63376, referenced herein as “Lulu’s”. See Receipt attached as Exhibit 1. See also photo of Plaintiff attached as Exhibit 2.

10. Defendant, DREAM MAKER INC., is the owner or co-owner of the real property and improvements that Lulu's is situated upon and that is the subject of this action, referenced herein as the "Property."

11. Defendant, DREAM MAKER INC., is responsible for complying with the ADA for both the exterior portions and interior portions of the Property. Even if there is a lease between Defendant, DREAM MAKER INC., and a tenant allocating responsibilities for ADA compliance within the unit the tenant operates, that lease is only between the property owner and the tenant and does not abrogate the Defendant's requirement to comply with the ADA for the entire Property it owns, including the interior portions of the Property which are public accommodations. *See* 28 CFR § 36.201(b).

12. Plaintiff's access to LuLu's and other businesses at the Property, located at 3925 Mid Rivers Mall Drive, St. Peters, MO 63376, St. Charles County Property Appraiser's property identification number A983000858 ("the Property"), and/or full and equal enjoyment of the goods, services, foods, drinks, facilities, privileges, advantages and/or accommodations offered therein were denied and/or limited because of her disabilities, and she will be denied and/or limited in the future unless and until Defendant is compelled to remove the physical barriers to access and correct the ADA violations that exist at the Property, including those set forth in this Complaint.

13. Plaintiff lives 1 mile from the Property.

14. Given the close vicinity of the Property to the Plaintiff's residence, Plaintiff often drives by the Property.

15. Plaintiff has visited the Property at least once before as a customer and advocate for the disabled. Plaintiff intends on revisiting the Property within six months after the barriers

to access detailed in this Complaint are removed and the Property are accessible again. The purpose of the revisit is to be a return customer, to determine if and when the Property are made accessible and to maintain standing for this lawsuit for Advocacy Purposes.

16. Plaintiff intends on revisiting the Property to purchase goods and/or services as a return customer as well as for Advocacy Purposes, but does not intend to re-expose herself to the ongoing barriers to access and engage in a futile gesture of visiting the public accommodation known to Plaintiff to have numerous and continuing barriers to access.

17. Plaintiff travelled to the Property as a customer and as an independent advocate for the disabled, personally encountered many barriers to access the Property that are detailed in this Complaint, engaged many barriers, suffered legal harm and legal injury, and will continue to suffer such harm and injury if all the illegal barriers to access present at the Property identified in this Complaint are not removed.

18. Although Plaintiff may not have personally encountered each and every barrier to access identified in Plaintiff's Complaint, Plaintiff became aware of all identified barriers prior to filing the Complaint and because Plaintiff intends on revisiting the Property as a customer and advocate for the disabled within six months or sooner after the barriers to access are removed, it is likely that despite not actually encountering a particular barrier to access on one visit, Plaintiff may encounter a different barrier to access identified in the Complaint in a subsequent visit as, for example, one accessible parking space may not be available and she would need to use an alternative accessible parking space in the future on her subsequent visit. As such, all barriers to access identified in the Complaint must be removed in order to ensure Plaintiff will not be exposed to barriers to access and legally protected injury.

19. Plaintiff's inability to fully access the Property and the stores in a safe manner and

in a manner which inhibits the free and equal enjoyment of the goods and services offered at the Property, both now and into the foreseeable future, constitutes an injury in fact as recognized by Congress and is historically viewed by Federal Courts as an injury in fact.

COUNT I
VIOLATIONS OF THE ADA AND ADAAG

20. On July 26, 1990, Congress enacted the Americans with Disabilities Act 42 U.S.C. § 12101 *et seq.*

21. Congress found, among other things, that:

- (i) some 43,000,000 Americans have one or more physical or mental disabilities, and this number is increasing as the population as a whole is growing older;
- (ii) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against individuals with disabilities continue to be a serious and pervasive social problem;
- (iii) discrimination against individuals with disabilities persists in such critical areas as employment, housing public accommodations, education, transportation, communication, recreation, institutionalization, health services, voting, and access to public services;
- (iv) individuals with disabilities continually encounter various forms of discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, overprotective rules and policies, failure to make modifications to existing facilities and practices, exclusionary qualification standards and criteria, segregation, and relegation to lesser service, programs, activities, benefits, jobs, or other opportunities; and
- (v) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our free society is justifiably famous, and costs the United States billions of dollars in unnecessary expenses resulting from dependency and non-productivity.

42 U.S.C. § 12101(a)(1) - (3), (5) and (9).

22. Congress explicitly stated that the purpose of the ADA was to:

- (i) provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;
- (ii) provide a clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities; and

* * * * *

- (iv) invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced day-to-day by people with disabilities.

42 U.S.C. § 12101(b)(1)(2) and (4).

23. The congressional legislation provided places of public accommodation one and a half years from the enactment of the ADA to implement its requirements.

24. The effective date of Title III of the ADA was January 26, 1992 (or January 26, 1993 if a defendant has 10 or fewer employees and gross receipts of \$500,000 or less). 42 U.S.C. § 12181; 28 C.F.R. § 36.508(a).

25. The Property is a public accommodation and service establishment.

26. Pursuant to the mandates of 42 U.S.C. § 12134(a), on July 26, 1991, the Department of Justice and Office of Attorney General promulgated federal regulations to implement the requirements of the ADA. 28 C.F.R. Part 36.

27. Public accommodations were required to conform to these regulations by January 26, 1992 (or by January 26, 1993 if a defendant has 10 or fewer employees and gross receipts of \$500,000 or less). 42 U.S.C. § 12181 *et seq.*; 28 C.F.R. § 36.508(a).

28. The Property must be, but is not, in compliance with the ADA and ADAAG.

29. Plaintiff has attempted to, and has to the extent possible, accessed the Property in her capacity as a customer at the Property and as an independent advocate for the disabled, but could not fully do so because of her disabilities resulting from the physical barriers to access,

dangerous conditions and ADA violations that exist at the Property that preclude and/or limit her access to the Property and/or the goods, services, facilities, privileges, advantages and/or accommodations offered therein, including those barriers, conditions and ADA violations more specifically set forth in this Complaint.

30. Plaintiff intends to visit the Property again as a customer and as an independent advocate for the disabled, in order to utilize all of the goods, services, facilities, privileges, advantages and/or accommodations commonly offered at the Property, but will be unable to fully do so because of her disability and the physical barriers to access, dangerous conditions and ADA violations that exist at the Property that preclude and/or limit her access to the Property and/or the goods, services, facilities, privileges, advantages and/or accommodations offered therein, including those barriers, conditions and ADA violations more specifically set forth in this Complaint.

31. Defendant, DREAM MAKER INC., has discriminated against Plaintiff (and others with disabilities) by denying her access to, and full and equal enjoyment of the goods, services, facilities, privileges, advantages and/or accommodations of the Property, as prohibited by, and by failing to remove architectural barriers as required by, 42 U.S.C. § 12182(b)(2)(A)(iv).

32. Defendant, DREAM MAKER INC., will continue to discriminate against Plaintiff and others with disabilities unless and until Defendant, DREAM MAKER INC., is compelled to remove all physical barriers that exist at the Property, including those specifically set forth herein, and make the Property accessible to and usable by Plaintiff and other persons with disabilities.

33. A specific list of unlawful physical barriers, dangerous conditions and ADA

violations which Plaintiff experienced and/or observed that precluded and/or limited Plaintiff's access to the Property and the full and equal enjoyment of the goods, services, facilities, privileges, advantages and accommodations of the Property include, but are not limited to:

ACCESSIBLE ELEMENTS:

- (i) In front of Units 3933-3925, there are five accessible parking spaces that are missing identification signs in violation of Section 502.6 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to locate an accessible parking space.
- (ii) In front of Units 3931 and 3933, due to the lack of an accessible ramp aligned with the access aisle of the three accessible parking spaces, there are three accessible parking spaces that are not located on the shortest distance to the accessible route leading to the accessible entrances in violation of Section 208.3.1 of the 2010 ADAAG Standards. This barrier to access would make it difficult and dangerous for Plaintiff to access the units of the Property from these accessible parking spaces as the far location increases the likelihood of traversing into the vehicular way and getting struck by a vehicle or encountering a barrier to access which stops Plaintiff from accessing the public accommodations offered at the Property.
- (iii) In front of Unit 3929, the accessible curb ramp lacks a clear and level area at the top of the ramp of at least 36 inches in length past the top of the ramp in violation of Section 406.4 of the 2010 ADAAG Standards. This barrier to access would make it difficult and dangerous for Plaintiff to access the public accommodations offered at the Property because a clear and level landing is necessary for Plaintiff

to safely turn from the ramp towards the entrances, by not having a clear and level landing, Plaintiff is forced to turn on a sloped surface which can cause the wheelchair to tip over and cause injury.

- (iv) In front of Unit 3929, the maneuvering clearance of this accessible entrance is not level (surface slope in excess of 1:48) in violation of Section 404.2.4.4 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to access this unit of the Property since it is often necessary for individuals in wheelchairs to need to use their hands to both wheel through the doorway and keep the door open with another hand. When the maneuvering clearance is not level, this ordinarily difficult process is made even more difficult by the inappropriately higher slope.
- (v) As a result of the barrier to access identified in (iv) above, Not all entrance doors and doorways comply with section 404 of the 2010 ADAAG standards, this is a violation of section 206.4 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to access the units of the Property.
- (vi) In front of Unit 3929, the walking surfaces of the accessible route have a cross slope in excess of 1:48, in violation of Section 403.3 of the 2010 ADAAG standards. This barrier to access would make it dangerous and difficult for Plaintiff to access the units of the Property because excessive cross-slope along accessible routes increases the likelihood of Plaintiff's wheelchair tipping over on its side and injuring Plaintiff.
- (vii) Due to the fact the accessible ramp serving the accessible parking spaces in front of Unit 3929 lacks a clear and level landing, lacks a clear and level turning space

and the accessible route has a cross slope in excess of 1:48, the two accessible parking spaces located in front of Unit 3929 are not located on an accessible route in violation of section 208.3.1 of the 2010 ADAAG Standards. This barrier to access would make it dangerous and difficult for Plaintiff to access the units of the Property because excessive cross-slope along accessible routes increases the likelihood of Plaintiff's wheelchair tipping over on its side and injuring Plaintiff.

- (viii) Inside LuLu's, the bar is lacking any portion of the counter that has a maximum height of 34 (thirty-four) inches from the finished floor in violation of Section 902.3 of the 2010 ADAAG standards, all portions of the bar exceed 34 (thirty-four) inches in height from the finished floor. This barrier to access would make it difficult for Plaintiff to enjoy the unique eating experience at the bar.
- (ix) At LuLu's, there is not at least 5% (five percent) of the exterior dining surfaces provided for consumption of food or drink that comply with Section 902.2 of the 2010 ADAAG standards, requiring appropriate knee and toe clearance complying with Section 306 of the 2010 ADAAG standards, positioned for a forward approach, in violation of Section 226.1 of the 2010 ADAAG standards. If Plaintiff were to eat at the Property in the future, this barrier to access would prevent Plaintiff from using the dining surfaces currently present as Plaintiff's own feet would block Plaintiff's ability to access the dining surfaces.
- (x) Inside LuLu's, the bar is lacking any portion of the counter that has a maximum height of 34 (thirty-four) inches from the finished floor in violation of section 902.3 of the 2010 ADAAG standards, all portions of the bar exceed 34 (thirty-

four) inches in height from the finished floor. This barrier to access would make it difficult for Plaintiff to enjoy the unique eating experience at the bar.

- (xi) Defendant fails to adhere to a policy, practice and procedure to ensure that all facilities are readily accessible to and usable by disabled individuals.

LULU'S RESTROOMS

- (xii) The door hardware providing access to the restrooms requires tight grasping and twisting of the wrist in violation of Section 404.2.7 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to utilize the restroom facilities.
- (xiii) Restrooms have a sink with inadequate knee and toe clearance in violation of Section 306 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to utilize the restroom sink as Plaintiff is seated in a wheelchair and, when seated, Plaintiff's feet and legs protrude out in front. In order to properly utilize a sink, Plaintiff's legs must be able to be underneath the surface of the sink, but due to the improper configuration of the sink, there is no room underneath for Plaintiff's legs and feet.
- (xiv) The door exiting the restroom lacks a clear minimum maneuvering clearance, due to the proximity of the door hardware within 18 inches to the adjacent sink, in violation of Section 404.2.4 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely exit the restroom due to the fact individuals in wheelchairs have their feet sticking out in front of them and when there is inadequate clearance near the door (less than 18 inches), their protruding feet block their ability to reach the door hardware

to open the door.

- (xv) The accessible toilet stall door has a maximum clear width below 32 (thirty-two) inches, is too narrow and violates Section 604.8.1.2 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely utilize the restroom facilities as wheelchair typically has a clear width of between 30 and 32 inches and the wheelchair will not be able to fit through the doorway to access the restroom. In the case that the wheelchair may barely fit through, the tight doorway would likely injure Plaintiff's hands as they could get caught between the wheel and the doorway.
- (xvi) The accessible toilet stall door is not self-closing and violates Section 604.8.2.1 of the 2010 ADAAG standards. This barrier to access would make it difficult for the Plaintiff and/or any disabled individual to safely and privately utilize the restroom facilities.
- (xvii) Due to a policy of placing the trash in front of the maneuvering clearing of the stall door, the of the restroom stall door lacks a clear minimum maneuvering clearance, due to the proximity of the door hardware within 18 inches to the adjacent trash, in violation of Section 404.2.4 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to safely use the restroom stall due to the fact individuals in wheelchairs have their feet sticking out in front of them and when there is inadequate clearance near the door (less than 18 inches), their protruding feet block their ability to reach the door hardware to open the door.
- (xviii) The accessible toilet stall lacks the required size and turning clearance as required

in Section 604.8.1.1 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff's wheelchair to fit into and maneuver within the toilet stall.

(xix) The hand operated flush control is not located on the open side of the accessible toilet in violation of Section 604.6 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff and/or any disabled individual to flush the toilet as the location of the flush control on the open side is significantly easier to reach than when it is positioned on the closed side.

(xx) The toilet paper dispenser in the accessible toilet is not positioned in seven to nine inches in front of the toilet and therefore is in violation of Section 604.7 of the 2010 ADAAG standards. This barrier to access would make it difficult for Plaintiff to utilize the toilet due to the fact the toilet paper dispenser is at an improper distance from the toilet, given Plaintiff's disability, Plaintiff would not be able to get up and reach the toilet paper.

34. The violations enumerated above may not be a complete list of the barriers, conditions or violations encountered by Plaintiff and/or which exist at the Property.

35. Plaintiff requires an inspection of the Property in order to determine all of the discriminatory conditions present at the Property in violation of the ADA.

36. The removal of the physical barriers, dangerous conditions and ADA violations alleged herein is readily achievable and can be accomplished and carried out without significant difficulty or expense. 42 U.S.C. § 12182(b)(2)(A)(iv); 42 U.S.C. § 12181(9); 28 C.F.R. § 36.304.

37. All of the violations alleged herein are readily achievable to modify to bring the Property into compliance with the ADA.

38. Upon information and good faith belief, the removal of the physical barriers and dangerous conditions present at the Property is readily achievable because the nature and cost of the modifications are relatively low.

39. Upon information and good faith belief, the removal of the physical barriers and dangerous conditions present at the Property is readily achievable because Defendant, DREAM MAKER INC., has the financial resources to make the necessary modifications since the parcel is valued at \$1,185,267.00 according to the Property Appraiser website.

40. Upon information and good faith belief, the removal of the physical barriers and dangerous conditions present at the Property is readily achievable.

41. The removal of the physical barriers and dangerous conditions present at the Property is also readily achievable because Defendant has available to it a \$5,000.00 tax credit and up to a \$15,000.00 tax deduction available from the IRS for spending money on accessibility modifications.

42. Upon information and good faith belief, the Property have been altered since 2010.

43. In instances where the 2010 ADAAG standards do not apply, the 1991 ADAAG standards apply, and all of the alleged violations set forth herein can be modified to comply with the 1991 ADAAG standards.

44. Plaintiff is without adequate remedy at law, is suffering irreparable harm, and reasonably anticipates that she will continue to suffer irreparable harm unless and until Defendant, DREAM MAKER INC., is required to remove the physical barriers, dangerous conditions and ADA violations that exist at the Property, including those alleged herein.

45. Plaintiff's requested relief serves the public interest.

46. The benefit to Plaintiff and the public of the relief outweighs any resulting detriment to Defendant, DREAM MAKER INC.

47. Plaintiff's counsel is entitled to recover its reasonable attorney's fees and costs of litigation from Defendant, DREAM MAKER INC., pursuant to 42 U.S.C. §§ 12188 and 12205.

48. Pursuant to 42 U.S.C. § 12188(a), this Court is provided authority to grant injunctive relief to Plaintiff, including the issuance of an Order directing Defendant, DREAM MAKER INC., to modify the Property to the extent required by the ADA.

WHEREFORE, Plaintiff prays as follows:

- (a) That the Court find Defendant, DREAM MAKER INC., in violation of the ADA and ADAAG;
- (b) That the Court issue a permanent injunction enjoining Defendant, DREAM MAKER INC., from continuing their discriminatory practices;
- (c) That the Court issue an Order requiring Defendant, DREAM MAKER INC., to (i) remove the physical barriers to access and (ii) alter the subject Property to make it readily accessible to and useable by individuals with disabilities to the extent required by the ADA;
- (d) That the Court award Plaintiff her reasonable attorneys' fees, litigation expenses and costs; and

- (e) That the Court grant such further relief as deemed just and equitable in light of the circumstances.
